*"Talent wins games, but teamwork and intelligence wins championships."*

*-Michael Jordan*

Dear Parent/Player:

We are excited that you are interested in volleyball for the 2019-2020 school year! We have a lot going on in the summertime and encourage you to be a part of it as much as you can. Your participation is not mandatory or reflective during the tryout process. However, your active role in the summertime allows you to build relationships, and allows coaches to evaluate your work ethic, skill level and overall potential as a Volleychief.

Two things to stay up to date with Volleychief happenings is to sign up for our Remind texts and visit our website, [www.kickapoovolleyball.com](http://www.kickapoovolleyball.com). Right now, you can find a brief outline of our summer activities. Hopefully those small bits of information will help with planning. I will send out a Remind text when the summer schedule is complete. At that time you'll have all the specific dates/times/cost/etc. You can visit <https://www.remind.com/> to see how the texts work. If texting is not an option for you there is a setting to have the communication sent via email. Codes up for Remind texts:

Parents – send a text to 81010 with the message @kpoovb  
Players – send a text to 81010 with a message @kpoo2018

Summertime is a time to experiment with lineups and player positions, which will be a constant work in progress and most likely not reflect the rest of summer but will serve as a starting point. With that being said, tryouts are in the fall and anything you participate in and decide to pay for is optional and not reflective during the tryout process. If cost is an issue, please talk with a coach.

As time gets closer there will be forms to fill out and sign for each event. I'll post those on our website and you can print or we will have copies at the workouts. We will use Remind texts for small pieces of information.

A current physical is required for tryouts and some of our summer camps. I would suggest getting a current physical and turning that into the office during the first part of June. That is good for one year and would take care of your summertime and season requirements.

If you have any questions email me! We are ready to get started on the 2019 season!

**GO CHIEFS!!!**
